### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with H. Warren Burnam, Jr. on 6/7/2004. The application has been amended as follows:

#### IN THE CLAIMS:

In claim 22, line 5, insert --each of-- before "the two".

In claim 22, line 7, change "a bonding strength of" to --the bonding strengths of each of--.

In claim 22, line 8, change "used" to --added to the foam formulation--.

In claim 23, line 1, delete "polyurethane modified polyisocyanurate".

In claim 23, line 2, insert --polyurethane modified polyisocyanurate-- before "foam formulation".

In claim 23, line 6, insert --each of-- before "the two facers--".

In claim 23, line 8, change "an amount" to --the amount--.

Nonelected method claims 14-19 are cancelled.

### REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

Art Unit: 1771

Applicants' arguments that a foam chemist would not consider using a poor solvent of instantly claimed invention to lower the surface tension of a polyester polyol system and that the prior art DeGuseppi requires stronger di-polar aprotic solvents tri(chloroethyl)phosphate and DMF (see Remarks, filed 1/9/2004, page 9) are carefully considered, and are persuasive. More particularly, the Examiner notes that the instantly claimed use of a mixture of methyl esters of glutaric, succinic, and adipic acid (weak solvents) to modify the foam formulation of polyurethane modified polyisocyanurate is unobvious over DeGuseppi, and the enhanced bonding strength between the facers and the foam core is unexpected.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Victor S Chang whose telephone number is 571-272-1474. The examiner can normally be reached on 8:30 - 5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Terrel H Morris can be reached on 571-272-1478. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
